

High customer standards by a second-generation family business □

As a second-generation family business All of our team at Magbility are driven by the little things that matter. As experts in mobility and bespoke furniture, we pride ourselves on our customer centric approach to all of our rise recliners and complementary furniture.

Whether it is the time we take to test and check every mechanism, the research we do to purchase the best recliners from the best UK suppliers, we know its the quality of our service and our products that sets us apart...

- Only the best quality fabrics, mechanisms and frame manufacture, we don't cut any corners
- Rise and recline options that support active and independent living in your home
- Exclusive fillers and foams only available from for ultimate comfort
- Handcrafted chairs that match seamlessly with your décor and style
- Made to the highest standards by companies with a strong foundation of innovation, design and quality
- Made to measure chairs built around your needs
- Members of Made in Britain and British Healthcare Trades Association.

Independent Mobility Solutions

Choosing your chair

Choosing your chair

All our chairs come as standard with:

- Side pocket and loop for handset
- A safety device to lower the chair in the event of a power cut
- Durable castors
- A two-year warranty.

Six steps to choosing your rise recliner – it couldn't be simpler.

1. Select the right chair size for you

Magbility will be happy to work with you to make sure you get the right fit for your personal comfort. Magbility offer a wide range of sizes and bespoke rise recliners, including larger sizes. We will advise you on the size and weight combinations available.

2. Choose your chair style

A full range of our rise recliner styles from classic to contemporary, together with complementary furniture,
